EDUCATION

Sir Syed University of Engineering & Technology (CGPA 3.1)   **Karachi, Pakistan**
Bachelor of Computer Science. **Aug 2015 – Dec 2019**

Government Degree College SRE, Majeed (A GRADE)   **Karachi, Pakistan**
Pre Engineering **Jan 2012 – Dec 2014**

Gallant Foundation School (A-ONE GRADE)   **Karachi, Pakistan**
Computers **Jan 2010 – Dec 2012**

TECHNICAL EXPERIENCE

PROJECTS

Prosper Fleet
I have developed the complete front end of this application .Prosper Fleet is the Fleet
market intelligence for sales and marketing teams that sell to fleets.

Payroll Management System
My job role is to make reusable react components, integrate API calls and also have to make pixel perfect UI designs

Make A Notes (https://reactfirebasereduxcrud.web.app/)
It's a web app where user can make a notes of things to remember. User can also save, read, edit and delete those
notes.

I have used Google Login API to SignIn the user , Redux is also used in this app for state management and
notes are stored on firebase Real-time database

What's the Weather
In this web app user can view the temperature of respective city.
I have used OpenWeatherMap API for fetching the weather of a city.

Ecommerce Website
The tech stack of this application is MERN. This application has both admin and user dashboard
panels. Admin can create products and user can buy products. I have also integrated stripe payment
gate way method.
I have made this app by following the online course on Udemy.com

Hiker Watch App
It's a react native app that shows the current position of hiker, wind
pressure etc. I have integrated google map in this mobile app.

TECHNICAL KNOWLEDGE

Languages: *JavaScript, HTML, CSS.*
Frameworks/Libraries: *React.js, Bootstrap, Material UI, Redux, React Routers ,Axios ,lodash*
Project Management Tools: Trello ,Github,Jira.
Databases: SQL*.*

CERTIFICATION AND AWARDS

- *Augmented Reality App Using Unity And Vuforia from Udemy ([Certificate](#))*
- *Build Ecommerce Website By React Redux ([Certificate](#))*
- *MERN Stack React Node Ecommerce from Scratch to Deployment ([Certificate](#))*
- *Github For Beginners ([Certificate](#))*
- *Take Data Sciences Boot camp at Habib university*
